# SELECTED LIST OF

# Selected List of Wartime Pamphlets

---

This is the first of a series of *Public Information* listings of wartime pamphlet literature. It is designed to meet an ever-growing volume of requests for information about where and how to secure inexpensive pamphlets. The triple-index arrangement of the list will assist in tracing pamphlets according to Title, Subject or Series.

## How to Use the List

1. If you wish information about pamphlets according to *Subject Matter*: turn to Index A, commencing page 3, and find your Series References—in Italics.

2. If you know the Title of a pamphlet and wish additional information: turn to Index B, commencing page 27, and find your Series References—in Italics.

3. When you have found your Series references, check against Index C, commencing at page 47. There you will find the name and address of the publisher opposite the Series name.

Pamphlets may be obtained directly from the publisher, or from the International Affairs Literature Service, League of Nations Society in Canada, 124 Wellington Street, Ottawa; or, if you live in a city, from your local bookstore.

Prices of pamphlets are not given, because of variations according to locality and mailing costs. In any event, none of the pamphlets listed herein costs more than fifty cents a copy net. *Public Information* pamphlets are available free of cost.
